VOLUME VII.

PADUCAH, KENTUCKY, SATURDAY, JUNE 15, 1901.

NUMBER 151.

MANY MISSING

Ferry Boat Disaster in New York Last Night—Nine Missing.

MRS. KENNEDY CONVICTED

The Slayer of John Foster Again Surrounded in Louisiana—Snow in Colorado a Foot Deep.

GRAND STAND COLLAPSES IN CHICAGO

New York, June 15.—As a result of last night's collision in which the ferry boat Northfield was sunk, one body has been recovered and nine persons are missing, all of whom are prominent people.

MRS. KENNEDY CONVICTED. Kansas City, June 15.—Mrs. Lulu Kennedy was this morning convicted of the murder of her husband and given a ten year sentence. She wept when the verdict was read, but later regained her equilibrium, and seems to have recovered entirely from her hysteria.

AGAIN SURROUNDED. Shreveport, La., June 15.—Prince Edwards, the slayer of John Gray Foster, is surrounded in a thicket near Greenwood and will be turned when caught.

ASYLUM CHARGES AGAIN. Hopkinsville, June 15.—State Inspector Hines today began investigating the charges against First Assistant Physician Lackey at the asylum.

BUT IT IS FAR AWAY. Denver, June 15.—Snow a foot deep fell in the mountains of Colorado last night.

EDITORS ELECT OFFICERS. Buffalo, N. Y., June 15.—The National Editorial Association closed its session today, having had the largest attendance in its history. Albert Tostler, of Portland, Ore., was elected president; J. W. N. Burdett of Tennessee, first vice president, and J. M. Page, of Illinois, secretary. The contest for the place of meeting for next year was spirited. Hot Springs, Ark., Asheville, N. C., and Minneapolis being pitted against each other. Hot Springs won on first ballot overwhelmingly.

WOMEN AND CHILDREN HURT. Chicago, June 15.—Twenty-five women and children were hurt by the collapse of the grand stand at Normal park today. There were no deaths.

WITNESS WAS SHOT. Jamestown, Ky., June 15.—Dr. F. A. Taylor, indicted for poisoning and accused of wrecking T. L. Hamble's home, returned yesterday to give a deposition in a divorce case. He was fatally shot by Hamble, who also wounded two attorneys and then surrendered.

POWERS PETITION. Frankfort, June 15.—Powers' attorneys have filed their petition and it will be disposed of before the summer adjournment.

POSTAL NEW OPERATOR. Mr. Ed Atkinson, of Carbondale, Ill., will arrive Monday to accept a position as operator at the Postal Telegraph office. He was formerly an operator for the Illinois Central line.

—Anne Leather, the fourteen months old child of W. H. Simmons, 120 Cements street, died this morning after a four days illness. Funeral services at the Mechanicsburg M. E. church tomorrow 2 p. m. All friends invited without further notice.

—Marriage license were issued to Ed Fletcher age 48, of the county, and Margaret Slayton, age 35, colored, and of the county, this afternoon. It is the second marriage of both.

The Sun only 10c a week.

MEETING

THE BAPTIST ASSOCIATION MEETS AT LONDON, KY., NEXT YEAR. The Baptist Association adjourned at Murray this morning, after a successful meeting. Dr. Eaton made a splendid address yesterday on Educational work. The association meets next year at London, Ky., and Rev. Boyce Taylor, of Murray, will preach the annual sermon.

Many of the delegates arrived this afternoon on their way home.

CUSTOM HOUSE CONTRACTS. The contract for the driveway and wall at the government building will probably be let to Mr. P. W. Katterjohn, whose bid, \$3,300, was the lowest.

—Marshal Oakes was reported much improved yesterday at Metropolis and his chances for recovery good.

WANTS DIVORCE

Mrs. Ollie Block Declines That a Legal Separation is Advisable.

SUES LEONARD BLOCK JR.

He Has Returned From the South African War and Has Been Home for Some Time—Felony Charges Dismissed.

REVIVAL OF A WELL KNOWN CASE

A revival of the troubles of Mrs. Ollie Block and her husband, Former Policeman Leonard Block, Jr., will result from a suit for divorce filed in the circuit court this morning by Attorney L. K. Taylor for Mrs. Block. About three years ago Block was a member of the night police force and he and his wife seemingly did not get along as smoothly as might have been wished in their marital relations. Their differences finally culminated in a sensational shooting scrape in which it is alleged he attempted to kill her, shooting her in the arm after he had beaten her up. He then skipped out, and after continuing the case for malicious shooting in the police court for several weeks, and hearing nothing from him, the warrants were filed away.

Several months ago Block was heard from. He had just returned from South Africa, where he fought in the Boer war, and had been mustered out after having served his term of enlistment. He was in New Orleans, and wrote to friends here saying that he wanted to come back to Paducah.

At the instance of friends the warrants in police court were dismissed on motion of County Attorney Graves and Block came back.

His wife claims that he has been back about three months and has been living with his mother at 2036 Broad street. He has not been seen very often on the streets.

Mrs. Block alleges that he has been annoying her in various ways since he came back, and she asks a legal separation from him. She lives at 1131 South Third street and in her petition alleges cruel and inhuman treatment on the old shooting charge, and that he has several times threatened her life.

SPECIAL OCCASION.

Good Roads Convention, Jackson, Tenn. For above occasion the Nashville, Chattanooga and St. Louis railway will sell tickets to Jackson, Tenn., and return June 20 and 21 at one fare for the round trip. Tickets limited to June 25.

E. S. BURNHAM, Agent. td

To save mending avoid breaking and to avoid suffering, prevent coughs and colds by the timely use of BALLARD'S HOREHOUND SYRUP. It is a safe, sure and swift remedy for all bronchial ailments. Price 25 and 50 cents. DuBois, Kolb & Co.

TRADE DULL

Both Wholesale and Retail Houses Report Business Quiet for the Week.

REAL ESTATE ACTIVE

The Steamboats Are All Enjoying Good Freight and Passenger Traffic at Present.

ALL THE BUSINESS NEWS OF THE WEEK

Clearings at the bank this week were \$340,808.10.

Business is a trifle dull in the collection line although the demands for money are very good.

Retail trade as a whole has been good the past week the warm weather causing a demand for the lighter weight goods. In some lines trade was backward and the aggregate of business for the season will hardly come up to last year's. Business this summer should be better than last year's, however, as the street improvements then going on interfered with trade no inconsiderable.

The wholesalers report things as a little quiet, collections with most houses being a little slow. The volume of business is satisfactory, however, all things considered.

Activity in building materials is very marked but owing to competition prices are very close. The amount of new buildings going up shows no decrease and every day adds to the contracts let for the erection of new houses. The real estate market continues very active although the best month for trading has passed. Real estate is proving a good investment to all who back their judgment and the prospects are that it will prove even more so in the future, for the future of real estate in Paducah is very promising.

Nothing definite can be announced with reference to the several new concerns that are contemplating location in Paducah. The prospects for securing them, however, seems good. The securing of the iron furnace and the erection of the big steel mills here would give Paducah a boom that would satisfy the most pessimist. They may come yet. The steamboats are all enjoying splendid traffic this summer, every craft leaving the wharf is loaded about as heavily as the boats will stand, both with passengers and freight. The summer excursion parties, too, have set in in good numbers and the boats as a consequence are doing a fine business.

With the manufacturing concerns trade is active, the Weile's factory, the Famous Pants factory, is enjoying a splendid trade and is receiving many compliments on the good line of goods they are turning out. The Forked Deer works also has all the trade it can attend to, and all lines report the same happy conditions.

The tobacco factories are selling all the goods they desire to but conditions of trade on account of the great tobacco trust, are badly demoralized with no one knowing how long it will last.

REAL ESTATE

By W. M. James. Market active. Demand for houses continues good. Small homes are wanted. Call for vacant lots increasing, and inquiry for cottages to rent seems on the increase. Number of newcomers wanting houses is quite marked.

PROPERTY OWNERS TO PROTECT

Some of the property owners on Clark Street between Seventh and Ninth object to the improvement of the street by paving because they feel they are not able at present to stand the expense. A protest will be filed at the council meeting Monday night when the ordinance comes up.

FOR RENT—One Eastern exposure room, well ventilated room, Gentleman only, 631 North 6th street. 15 36

The Sun, Paducah's best paper.

VERY EAGER

Livingston County Officers Want the Alleged Rapists Who are Here.

WERE NOT ACCOMMODATED

Judge Sanders Will Decide the Question of Jurisdiction at Monday Morning's Session of Court.

BOYS REMANDED TO THE COUNTY JAIL

County Attorney Charles Wilson and Jailer Threlkeld, of Smithland, Livingston county, arrived this morning to take charge of the seven prisoners in the county jail charged with rape and conspiring to rape. These are Frank Eich and wife, John Bringer, John and May Gaynor, Frankie White and Boone Sears.

The officers claim that the crime was committed in Livingston county, and that the authorities in this county have no jurisdiction. It is claimed by the McCracken authorities, however, that the conspiracy was formed in this county, and this, under the court of appeals' decisions, gives this county jurisdiction.

Judge Sanders announced that the preliminary trial of the prisoners will be held next Monday morning, and in the meantime he will look into the law and determine which county has jurisdiction. If he decides that it is Livingston county, he will turn the prisoners over to the gentlemen from Smithland. One of the officials said today that the McCracken county officers would be very glad to unload the offenders and several more like them on Livingston county, but that the county of Livingston in past years has furnished the county of McCracken with so many good citizens, it would look too much like rank ingratitude to reciprocate by giving them these.

Len Vogt, another small boy, was arrested last night on a charge of being implicated in the acts of Houlahan and Roberts, the boys arrested for arson and housebreaking. All three were placed in jail today, and will be given a trial Tuesday.

Jose White, colored, charged with stealing \$60 from a negro night before last, and who was released yesterday upon the information that the missing money had been found, was rearrested last night, additional evidence having been secured against her and the case set for Monday. The money has not yet been found.

A case against Mr. J. Grant Slaughter charged with acting as insurance agent without license, was continued until Monday.

A Bear at Close Range. The cook at the Banner sawmill heard a racket outside the camphouse the other night, where he had a side of meat suspended. He opened a window and thrust his arm out, and it was immediately seized by a big black bear. The member was severely gashed and lacerated.—Los Angeles Times.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's family Pills are the best.

THE WEATHER.

Generally fair tonight. Sunday increasing cloudiness with showers in west portion and lower temperature.

YACHTING PARTY.

A pleasant party was given on the Brook Hill on Thursday evening by the Yacht club in honor of visitors in the city. Those who enjoyed the sail and the evening's pleasure were: Mesdames Richard Baker, Jetta Hobson, George Flournoy, Campbell Flournoy, Misses Ruth Brooks, of Brooks' Station; Estelle Woodward, of New Orleans; Smith, of Henderson; Mary Halloran, Allie Sanders, Florence Yeiser, Margie Crumblough, Susanne Jorgenson, Ruth Weil, Ada Enders, Lillian Rudy, Lillie Hobson, Messrs. George Smith, Abram Weil, Wallace Weil, Alexander of Indianapolis; Slaughter, of Louisville; Fishback, of Lexington, and McDaniell, of Chicago.

BUSY SESSION

Council Will Hold Its Regular Meeting Monday Night at the City Hall.

SOME IMPORTANT MATTERS

A Back Tax Collector Will Probably Be Appointed By the Members to Collect Polls.

SEVERAL IMPROVEMENT ORDINANCES

The council meeting Monday night promises to be quite lively. One of the most interesting of the matters to come up will be the report of the hospital committee in the investigation of the city physician's alleged failure to visit the city hospital as often as required by law.

The committee has held several meetings, one at the city hall and one at the city hospital. It is impossible to get an inkling of what the members will recommend, but the city physician's many friends, believing that his intentions were good, and that he has worked hard for the interests of the city, hope he will get off with nothing more severe than a reprimand.

There are to be several improvement ordinances. One is that for the grading and graveling of Thirteenth to Fountain avenue; another for the grading and graveling of Sixteenth street from Broadway to Jefferson. These ordinances were ready at the last meeting but the profiles had not been drawn, so they were held back. The meat and milk inspector ordinance passed by the council Monday night has not yet been signed by the mayor, but Mayor Lang said this morning that he would sign it.

There are as yet no candidates mentioned except Dr. C. G. Warner and Dr. A. Hossig.

The matter of appointing some one to collect the back poll taxes will probably be brought up. There are many polls that have been due for several years, and quite a number of men own five years polls. It is understood that they can be collected for 50 cents each, and this would all be clear gain to the city as it will take considerable work to collect them, and the appointment will probably be made.

Some of the councilmen are in favor of the improvement by paving of Clark street from Seventh to Ninth, despite the protest that will be lodged by property owners. One councilman said this morning that he was in favor of the paving whether the property owners were or not. That it was an improvement that was needed by the general public, and was something that a few property owners should not be allowed to decide.

EVANSVILLE ELKS CARNIVAL. The Elks street fair and carnival will begin September 2 and lasts one week at Evansville. Headquarters for active work will be opened in a few days.

SABIN GOES UP

He is Appointed to a Good Position With the L. & N.

WAS AN I. C. ROADMASTER

A Former Paducah Railroad Man Passes Through—The Ship Island on the Boom.

MR. WASHINGTON LEFT LAST NIGHT

Mr. A. T. Sabin, formerly with the I. C. railroad, has been appointed chief engineer of the L. & N. railroad. Mr. Sabin was former roadmaster here and was also at one time engineer of construction of the Illinois Central with headquarters at Memphis. He has many friends here who will be glad to learn of his promotion. The L. & N. has brought what is known as the Louisville and Atlantic road, and will complete the road to Beattyville at once. Mr. Sabin has been assigned to this work and will have the work completed by January 1, 1902. When the road is finished it will open up vast timber lands and will also be of much convenience to other roads in making connections.

Mr. J. R. Kelley went to Evansville this morning to accept a position with the Illinois Central as a car inspector.

Mr. Richard Morgan, formerly Roadmaster at Memphis, and family passed through the city last night en route to Mississippi where Mr. Morgan is superintendent of the Gulf and Ship Island road. He was formerly superintendent of this division of the road and has many friends here.

The engine wrecked night before last at Trimble has been brought into this city for repairs. The caboose on section No. 1 caught fire and was completely destroyed. The cab of the engine on number 2 caught [and] was also consumed. The smoke stack was torn from its fastenings and the engine badly burned all over. The damage, however, will be light and will amount to only about \$250.

Mr. L. A. Washington left for the south last night to accept the position of roadmaster of the Gulf and Ship Island road. He resigned his position as engineer of construction of this division several weeks ago to accept the position with the southern road. Nobody has yet been appointed to the vacancy caused by Mr. Washington's resignation.

Mr. Bell V. Given, of the master mechanic's office, will go to Chicago tonight on special business pertaining to the road.

The Gulf and Ship Island road is gaining much prominence. Many experienced employees of the I. C. from both the local and Louisville divisions have accepted positions with that road.

Traveling Passenger Agent Evan Prosser, of the E. O. and S. W., is in the city on business, to the delight of his many admirers.

MINISTER CALLED TO FULTON.

Rev. W. D. Turnley of Clarksville, Tenn., has been called to the Baptist church at Fulton, and will preach there tomorrow. He will doubtless accept the call, and according to the Fulton Leader move his family there in a short time.

OIL IN TENNESSEE.

There is considerable excitement about oil in Tennessee, and the Fulton Leader says that there is every indication of oil under Fulton, Obion and Lake counties, which will soon be thoroughly investigated.

—Mr. L. R. Borders, the well known representative of Taylor & Williams, of Louisville, the manufacturer of the "Yellowstone" brand of whiskey, is in the city.

The Sun only 10c a week.

HE IS NOW DEAD

J. Jones, of Calloway, Dies From an Alleged Assault.

ELL ALLEGED ASSAILANT

Was Filed Last Week For Damages Against Ezell In the Mayfield Circuit Court.

L. W. L. KNOWN TOBACCO BUYER

J. Jones, a well known man of May county, near Grimes, died at his home from injuries received some time ago in a difficulty C. V. Ezell, a well known tobacco buyer of Mayfield.

It seems that Jones sold a crop of cotton to one of the Ezell brothers, when he delivered it at Mayfield sold it to the other one, and got more than the contract price. C. V. Ezell returned and learned delivery and the price paid. He sued his contract showing that one paid was more than the other called for and went after whom he found standing in his preparatory to leaving May or home.

He said that Ezell walked up and a few words seized a stick that the wagon and struck Jones it, knocking him out of the saddle. The mules ran away and was badly hurt, but it was not fatal.

Two days ago he brought suit against Ezell for \$5,000 damages for alleged assault. It appears from dispatches that he never recovered, but finally died from the
